Ms. Ewer informed the Commission of the following:

A message from the Office for Victims of Crime was received on September 8, 2016 regarding the VOCA Victim Assistance FFY 2016 allocation. The allocation is $14,551,569 and was officially accepted by NM CVRC on September 16, 2016.

The OVC Performance Management Tool (PMT) data from VOCA Victim Assistance subgrantees for the third quarter of the award cycle was entered and approved in the PMT system by the deadline of August 15, 2016. An OVC PMT Help Desk Analyst submitted feedback on data entered for the first and second quarters on August 9, 2016. Requested edits were made to the PMT system and a reply to the feedback was submitted on August 23, 2016. Additional changes were requested to be made to the PMT on September 6, 2016, which will be submitted by the deadline of September 30, 2016.

FY16 VOCA awards will be ending on September 30, 2016. Subgrantees were provided with a deadline to submit budget revision requests and several subgrantees have submitted these requests to the Grants department for consideration and processing.

Two post-award workshop webinars have been scheduled for subgrantees and will take place on September 29, and October 4, 2016.

Office of the Inspector General Audit-Notification Received on August 24, 2016
Mr. Zubia informed the Commission that the Office of the Inspector General (OIG) found three instances where we used the incorrect funding source to reimburse victims for medically prescribed cannabis. OIG gave their recommendation to correct this mistake. Mr. Zubia assured the Commission that going forward, we will be using the correct funding source.

Status of Priority Processing
Mr. Zubia informed the Commission that we have received nine Priority Processing claims since July 1, 2016. He also stated that we have paid out $22,663.91 in funeral expenses.

Status of Relocation and Rental Assistance; Memorandum of Understanding (MOU)

Non-profits have funding available for emergencies and are able to disperse monies more quickly.
