**Negative comments from Review Committees past:**

- confusion about population served (not clear)
- lack of measurable objectives for $ requested
- overly ambitious objectives for $
- not enough effort to meet with collaborative partners
- duplication of efforts
- narrative didn’t include everything requested in budget

Before we move to the budget, questions?
Budget (215 pts.)

Considerations:
- Does it support the problem statement in the narrative?
- Does it support ALL of the activities listed in the Primary Project Components?
- Is it clear?
- Is it realistic?
- Is it rounded off?

Budget Expectations

- Use Budget Form in the application
- Follow budget instructions (see esp. pp. 22-23 in RFP)
- Line item categories observed
- Round off: NO CENTS
- Continuation applicants will submit later
- Match is clearly identifiable as in-kind or cash
- SOURCE OF MATCH IS CLEARLY IDENTIFIED (must be non-federal)
- Budget, proposal narrative, and Primary Project Components all correspond
- Fiscal Agent/Finance Officer reviewed prior to submission
- No supplanting!

- Proposed expenditures are not supported by Primary Project Components and Narrative
- Unrealistic - either too high or too low
- Exceeds the funding request limit
- Does not adhere to grant guidelines

A LOOK at the BUDGET
New Allowable Costs Under the VOCA Rule

- See OVC Comparison Document (on CVRC website and included as a link in RFP email blast) for full comparison; it’s long! Here are some highlights:
  - Services to incarcerated victims permitted for victim services and associated activities.
  - Perpetrator rehabilitation and counseling is permitted.

Civil legal assistance in both emergency and non-emergency situations if related to the victimization (no tort claims or criminal defense). Some examples include cases involving protection orders, family, custody and support, housing, dependency matters, immigration assistance, intervention with creditors, law enforcement (e.g. to obtain police reports), and other entities on behalf of victims of identity theft, intervention with administrative agencies, schools/colleges, and tribal entities; motions to vacate and/or expunge certain convictions based on victim status; assertion of victim rights in criminal proceedings related to victimization.

New Rule is more specific regarding types of allowable support and advocacy although also previously allowable (e.g. traditional, cultural, and/or alternative healing such as art therapy, yoga, etc.)

Substance abuse treatment permitted if directly related to the victimization and provided by a person who meets professional standards of the jurisdiction.

Peer support permitted including activities that allow victims to meet other victims, share experiences, and provide self-help, information, and emotional support.

Forensic interviews permitted if: (1) results not only used for law enforcement and prosecution purposes but also for identification of needs (e.g. social services, advocacy, case management, mental health, etc.), (2) conducted in context of multi-disciplinary investigation and diagnostic team or in specialized setting (e.g. child advocacy center), AND (3) interviewer is trained to conduct forensic interviews appropriate to the developmental age and abilities of children, or the developmental, cognitive, and physical or communication disabilities presented by adults.
New Allowable Costs Under the VOCA Rule

- Coordination activities that facilitate the provision of direct services permitted including statewide coordination of victim notification systems, crisis response teams, multi-disciplinary teams, coalitions to support and assist victims, etc.
- Multi-system, interagency, multi-disciplinary response to crime victim needs, including activities activities that support a coordinated and comprehensive response to crime victims’ needs.
- Needs assessment, victim satisfaction surveys, and reasonable evaluation costs are permitted.
- Liability insurance on buildings and security guards permitted.

New Allowable Costs:

- KEEP IN MIND:
  - Still must justify need within the proposal.
  - Still must fall within Implementation Plan priorities.
  - Still must score high enough within proposal Review Committee for funding recommendation.
  - Still must be approved by the Commission for funding.

Matching Funds Requirement

- Federally recognized American Indian/Native American tribes/projects that operate on tribal lands are exempt from match requirements.
- All others must provide matching contributions in support of the project.
- New/competitive applicants who are NOT currently receiving VOCA funds must match 35% for the total project.
- Continuation and new/competitive applicants who ARE currently receiving VOCA funds must match 20% for the total project.

Services, Activities, and Costs

- Listed generally on pp. 17-18 of the RFP
- Look at the VOCA Rule for more detailed descriptions!
- See link to VOCA Rule:
  - In the email that accompanied the RFP
  - On the CVRC website under Resources tab
  - On the fantastic internet using your favorite search engine
Match formula:

(NEW SUBGRANTEE, EXCEPT TRIBAL):
FEDERAL FUNDS REQUESTED x .35 ÷ .65 = MATCH

(CURRENT SUBGRANTEE, EXCEPT TRIBAL):
FEDERAL FUNDS REQUESTED x .20 ÷ .80 = MATCH

Example 1
The Federal Government offers a $100,000 grant. The match requirement is an 80/20 ratio (Federal/Recipient).

Before we move to the narrative, any questions?

Narrative

- Continuation applicants: updates only
- **Mandatory** for New/Competitive applicants

---

Six Section Narrative (250 pts.):

1. Briefly describe your agency/organization. Provide a comprehensive description of your work with victims of crime. Include years in existence, services provided, and populations served. Discuss any funding losses within your region and/or agency and the impact this has had on serving victims. (2000 characters maximum)

2. What is the target population that the project will serve? If applicable, include a discussion of how your agency works to serve victims of federal crime. (2000 characters maximum)
   - Identify the demographics of the target population that the project will serve.
   - Be clear and accurate.

*Important Hint: Should support problem statement from #3*
#3

- What is the nature of the problem that the proposed project will address? Using statistical information of the state and region, justify the request for funding to serve victims of crime or victims of a specific crime. (4000 characters maximum)
  - Strong, persuasive presentation of the problem
  - Backbone of the proposal and must be supported by all other elements (measurable objectives, implementing activities, evaluation activities)

## Developing a Problem Statement

### What is the nature of the problem?
- How many people are affected and to what extent?
- How can you prove it?
- What statistical evidence do you have to support your statements?

### Who else in your area is working on the problem?
- How often does the problem occur?
- What is the current client utilization of services for your agency?
- What is unique or special about your region?

What impact will the project have on the criminal justice system and the targeted geographic region?

### Use Data to Substantiate Your Needs

Current, Accurate, & Relevant
- Quantitative (#s)
- Surveys
- Focus Groups
- NM Interpersonal Violence Data Central Repository Reports on Domestic Violence and Sex Crimes
- NM Interpersonal Violence Death Review Team Annual Report

Available at www.cvic.state.nm.us

### Problem Statement

When your problem statement is complete, it should present a clear, concise picture of the problem that the project will address.

**Weak Problem Statements:**

*Indication to proposal reviewers that the applicant organization may not understand the problem or is not prepared to have a positive impact on the problem.*
Identify underserved populations in your region and the way in which the grant activities will be designed to provide services that are culturally and linguistically appropriate. Describe ways in which your organization is uniquely qualified to provide services to underserved populations. (4000 characters maximum)

- Identify the underserved populations in your region and the barriers encountered in accessing services. See p. 12 of the RFP for examples of underserved populations.
- How many people are affected?
- Describe how the project will provide linguistically and culturally accessible services.

Describe the ways your agency uses or will use volunteers to support the project and overall mission of the agency. The activities must be VOCA eligible. Describe how your agency works to notify, educate, and assist all victims with New Mexico Victims’ Rights and victim compensation. (4000 characters maximum).

Identify your project partners and describe the ways in which collaboration will enhance the intended outcome of the project. Also, what state or national organizations is the applicant a member of in order to keep current about best practices? (4000 characters maximum)

Primary Project Components (PPCs) (200 pts.)

- Goals
- **Measurable** Objectives
  - Activities
  - Performed by whom?
  - Timeline (which quarters?)
  - Evaluation Process
- Direct victim service categories
  - Pp. 18-19 of RFP; corresponds to quarterly reporting
  - Includes information & referral, personal advocacy/accompaniment, emotional support/safety, shelter/housing, and criminal/civil justice system assistance.
Establishing Goals

It is not an ultimate societal goal.

- The project goal is a general statement about what you’d like to achieve with a particular population or geographical area.
- It should directly relate to a demonstrated need, as identified in the problem statement.

Goals (example)

- Increase the number of domestic violence victims who receive legal assistance to obtain orders of protection in Enchilada County.
- This is a program goal relative to the demonstrated need in a community and is a goal that one can control.

Helpful Hints: Goal Statement

- The goal statement must follow logically from your statement of the problem (the Narrative).
- It is not appropriate to talk about a reduction in domestic violence if your statement of the problem discussed the need and justification for civil legal assistance.

Developing Measurable Objectives

Measurable objectives are quantifiable statements that support the goal and specify what must be done to:

- Maintain
- Increase
- Decrease
- Enhance
- Improve
- Change you expect

And to what degree? Use numbers!
Example PPC:

Goal
- Goal #1: Increase the number of domestic violence victims who receive personal advocacy, support, and case management in Sopaipilla and southern Taco Counties.

Measurable Objective
- MO #1: Advocates will provide 200 victims of domestic violence with crisis intervention/support services.

Example PPC:

Goal
- Goal #1: Increase the advocacy for abused, neglected, and abandoned children in the District Court system in Frijoles County, New Mexico.

Measurable Objective
- MO #1: Increase by 15 the number of CASA volunteers serving abused, neglected, and abandoned children in Frijoles County (increase of 50%).

Example PPC:

Goal
- Goal #1: Enhance the quality of services given to victims of sexual assault in Tortilla County by providing skills training to sexual assault advocacy staff.

Measurable Objective
- MO #1: Ensure that six (6) sexual assault victim advocates will register for and attend the Advocacy in Action Conference.

Objectives should be:

SPECIFIC
MEASURABLE
ACTION ORIENTED
REALISTIC
TIME DIMENSIONED
Tip:

If you use a percentage (e.g. “increase the number of victims receiving individual counseling by 20%”), make sure that the baseline of victims receiving counseling is included in the problem statement, so that the reviewers understand what 20% represents. \textit{20\% of what number currently?}

Implementing Activities

- Implementing Activities are the activities your agency must do to carry out the objectives you stated.
- They should be listed within the timeline they will be performed (which quarter(s)).
- Position title(s) of who will be performing activities should be included (may include people not funded under this grant, but do NOT list people in the budget who are NOT listed in the PPCs!)

Impact Evaluation Activity

- How will you show the impact of your program, i.e. did you reach your objectives?

- You can answer this question if:
  - you can prove that your implementing activities were carried out, and
  - if you can measure the increase, decrease, or other changes to the degree your objectives stated.

Before we talk about collaboration, questions?
Certification of Collaboration (75 pts.)

- Resource sharing for mutual gain
- Increased coordination of services
- Mutual commitments
- Provide specific examples of collaboration from the past year.
- Don’t just list the meetings you attend together!

Meaningful Collaboration

- Demonstrates a partnership between organizations
- Addresses the problem by involving all that might play a part in developing and implementing a solution

Federal Certification Forms

Federal Certification Forms

- Assurances
  - Read, sign (authorized official)
  - Date

- Certifications
  - Read, sign (authorized official)

Additional Documentation Required (200 pts.)

- ONE of the TWO documents that must be emailed to have a complete new/competitive application.

- Not required for continuation application at this time.

Job Descriptions, Contracts, Resumes (20 pts.)

- Current job descriptions for the proposed federal and match positions.
- Actual or proposed contracts with contractual consultants. Drafts of contract required as part of Additional Documentation if listed in the budget.
- If applicable, resumes of candidates. If the match positions are already filled, provide the resume.

- Submit the most recent agency audit. This must be included within your application, even if we have it on file.
- If an agency audit has not been completed yet, an explanation must be submitted along with other reliable demonstration of financial stability (e.g. copies of financial statements), capacity for administration of federal funds, and a willingness to obtain an audit should funds be awarded.

Agency Budget (50 pts.)

Current
- Receivables
- Expenditures

Can be based on calendar year, state fiscal year, or federal fiscal year depending on your agency.
Organizational Chart (5 pts.)

VOCA Staff Salary Spreadsheet/Chart (10 pts.)

- Breakdown of all funded and match VOCA staff
- Allocation of total salary across funding sources
- Spreadsheet created by your agency (no specific form)
- Should list each position/employee and account for entire salary
- E.g. Victim Advocate #1 total salary is $36,000/year: $6,000 (17%) to be paid with general funds/reserves, $10,000 (28%) to be paid with CYFD funds, $10,000 (28%) with VOCA funds, $5,000 (14%) with City of Flauta funds, and $5,000 (14%) with VAWA funds. Victim Advocate #2 total salary is $40,000, 100% paid by VOCA.
- Did I mention no supplanting??

Limited English Proficiency (LEP) Plans (Pass/Fail *)

- Mandatory - all recipients of federal funds that are providing services to individuals must have a comprehensive plan in place
- Must provide meaningful access to resources and services
- Reasonable costs associated with providing meaningful access are allowable in the budget
- Temporary Language Accessibility Project through CVRC (formerly through NMCADV) will be ENDING on 9/30/17. PLAN ACCORDINGLY!!!
  A low percentage of LEP persons within your organization’s eligible service population would require a comprehensive referral plan. All others would require an internal plan.
Limited English Proficiency Plan

- What resources are available to LEP persons by your organization? What language assistance resources are available?
- How is or how will staff be trained to serve LEP individuals?
- What is the status of LEP policy development within your organization?
- How do you provide information about your services to LEP persons?

For Non-profits:

- Proof of 501(c)(3) status [Pass/Fail *]
- Bylaws and Articles of Incorporation (5 pts.)
- Current list of Board Members (10 pts.)
  - Include names and contact information (email and phone number)

Building Your Proposal

Carefully read RFP packet!
- Choose a priority
- Brag but don’t lie/exaggerate
- Develop narrative

TIPS

- Keep the proposal simple, clear, & concise
- Proof your work: typos are distracting; don’t miss any important details!
- Watch your budget: Commended, not greedy
- Email the entire proposal on time, not just the application form (for new/competitive).
Before the final stretch, any more questions?

Basic expectations if awarded funding:
- Quarterly statistical reporting (see CVRC website for sample form).
